

# I'VE COME A LONG WAY (I STILL GOT A LONG WAY TO GO)

*By James Cleveland - First introduced by Glide Director Donell Hickman - 03.10.1991*

## **Soloist**

Just look where I've come from, I've come a long ways  
I've had some lonely nights, and I've had some dark days  
I've already been to the top of the mountain  
I can almost reach the crystal fountain  
Just look...

## **CHORUS**

**Just look, where I've come from  
I've come a long way, I've come a long way  
I still got a long way to go**

## **Soloist**

Just look where I've come, I've come through storm and rain  
Many evils have crossed my path, but I keep trudging just the same  
I asked the Lord to give me more grace  
To help me run this Christian race,  
just look...

## **REPEAT CHORUS**

## **2ND CHORUS** (Vamp)

I've got a long way to go  
To **WALK** like He wants me to walk  
A long way to go  
To **TALK** like He wants me to talk  
A long way to go  
To **BE** like He wants me to be  
A long way to go  
To **SEE** like He wants me to see  
I've come a long way, I've come a long way  
I still got a long way to go

*Repeat 2nd Chorus and End*
