

Hygiene Kit Assembly for GLIDE

Thank you for supporting GLIDE's work through hygiene kits! By purchasing and assembling these items, you help our Walk-In Center build connections with our clients, provide much needed items to our community, and also help us focus our staff time and program budget toward more in-depth and impactful services.

We ask supporters to purchase hygiene kit items, assemble them into clear gallon bags, and then deliver the kits in boxes to GLIDE at 330 Ellis Street. It is best if the boxes of completed kits can be easily stacked and stored. Below is a list of our hygiene kit item needs and sample links to purchase, as well as an example of a completed hygiene kit.

It typically costs about \$2,500 for 200 kits (depending on where and how you purchase your items). For a group of 5-10 people we recommend 2 hours to put together 200-250 kits. This would include 30 minutes of welcome + introductions, then approximately 90 minutes to set up, assemble the bags, and pack them up for delivery/pick up.

About GLIDE and the Walk-In Center

GLIDE is a nationally recognized center for social justice dedicated to fighting systemic injustices, creating pathways out of poverty and crisis, and transforming lives. GLIDE's integrated comprehensive services, advocacy initiatives, and inclusive community empower individuals, families, and children to achieve stability and thrive. GLIDE is on the forefront of addressing some of society's most pressing issues including poverty and income inequality, homelessness and housing insecurity, substance use disorder, and food insecurity. Through our comprehensive suite of services, we endure as a beacon of radical inclusion and unconditional love as we continue to serve our community and beyond. Visit www.glide.org to learn more.

GLIDE's Walk-In Center provides an array of immediate needs services, such as emergency shelter reservations, hygiene items, assistance in obtaining ID documents and submitting applications for public benefits and eviction-prevention services, as well as case management, counseling, and coordinated care. During the pandemic, GLIDE's Walk-In Center services included weekly COVID testing, as well as COVID vaccinations and boosters, flu shots and currently the monkeypox vaccine. You can meet our amazing walk-In Center staff and learn more about their work at this video [here!](#)
